

DEFENDING THE QUALITY-OF-LIFE FOR SERVICE MEMBERS AND THEIR FAMILIES SINCE 1961

The Air Force Sergeants Association (AFSA) is a federally chartered Military and Veterans' Service Organization representing the professional and personal interests of our members, Total forces, and their families.

With 7 Divisions and 125 Chapters worldwide, our members come together to make a difference within their own communities.

With reverence for God and Country, we work with our nation's Congressional and Military Leaders on Capitol Hill, and within the DoD and VA.

At its core, our mission is, and will always be, to improve the quality of life and support the well-being of all military personnel and their families.

2022-2023 - PROPOSED - LEGISLATIVE PLATFORM

This platform of legislative objectives serves as a "blueprint" for testimony and advocacy efforts, in conjunction with responses dictated by day-to-day events.

At the over-arching level, our mission encompasses seven major groups of focus - within each focus group are the important issues to AFSA's 75,000 members.

However, in understanding our Nation's current fiscal situation, success in each of these areas will not always be defined by what is gained. Rather, success will be determined at the level of which a benefit is preserved or from gaining a portion of our objective.

At its core, our mission is, and will always be, to defend the quality of life for service members and their families.
