

Retirees

AFSA works to:

- Preserve benefits earned through a lifetime of service in uniform
- Ensure all retirees can receive their military retired pay and VA disability compensation without offset
- Resist efforts to reduce annual cost-of-living allowances
- Improve access to healthcare and pharmaceuticals for retirees and their families;
- Obtain a federal subsidy for the Retiree Dental Plan, similar to the plan provided for active duty family members;
- Protect funding for commissaries, base exchanges, dependent schools and family support programs;
- Promote and enhance transition programs and employment opportunities for retiring members; and
- Reduce wait times and improve the VA claims process.
